### **DETAILED ACTION**

1. In response to the communications dated 02/26/2004 through 06/16/2005, claims 1-34 are active in this application.

### **Acknowledges**

2. Receipt is acknowledged of the following items from the Applicant.

Information Disclosure Statement (IDS) filed on 05/17/2004. The references cited on the PTOL 1449 form have been considered.

3. Application's election with traverse to prosecute the invention of Group I, claims 1-33, drawn to semiconductor devices, in paper filed 06/16/2005 is acknowledged.

Because Applicant did not distinctly and specifically point out the supposed error in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claim 34 is withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a non-elected group there being no allowable generic or linking claim.

Applicant has the right to file a divisional application covering the subject matter of the non-elected claims.

### **Examiner's Amendment**

4. An examiner's amendment to the record appears below. Should the changes and /or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.3.12. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claim 34 to invention(s) non-elected without traverse (see above).

Accordingly, claim 34 has been cancelled.

#### **Reason for Allowance**

5. The following is an examiner's statement of reason for allowance:

None of the references of record teaches or suggests the claimed magnetic element comprising (in addition to the other limitations in the claim) a free layer having a high perpendicular anisotropy and an out-of-plane demagnetization energy, wherein the high perpendicular anisotropy having a perpendicular anisotropy energy being at least twenty percent and/or less than one hundred percent of the out-of-plane demagnetization energy.

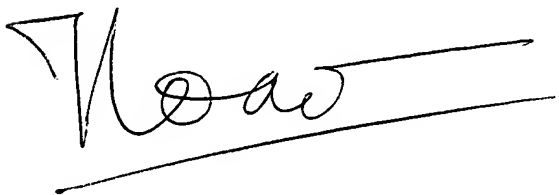

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
